What is a Neighborhood Crime Watch?

Crime Watch is an organization that helps residents in a particular neighborhood: prevent or reduce crime, develop positive relationships with law enforcement, and become the “eyes and ears” for police. At Crime Watch meetings, residents discuss concerns for safety and plan potential solutions. It’s a great way to get to know your neighbors, which enhances everyone’s safety in the neighborhood.

Neighborhood Crime Watches Can:

- Forge bonds among residents
- Improve relationships between residents and police
- Teach citizens how to avoid being victimized
- Train citizens to recognize and report suspicious behavior
- Help reduce crimes like burglaries and thefts

Neighborhood Crime Watches are NOT:

- Vigilante forces working outside the normal procedures of law enforcement
- Designed for citizens to take personal risks to prevent crime
- A 100% guarantee that crime will not occur in your neighborhood

5 Step Process: There is an easy process to start up a Neighborhood Watch group

1. Select coordinator

- People waiting in front of a home when the occupants are not home, or loitering in front of a business that is closed
- Someone looking in windows of houses and parked cars
- Person running without workout clothes – especially if he or she is carrying something of value
- Cars, vans, or trucks moving slowly with no apparent destination or without lights

- Person exhibiting unusual mental or physical symptoms. The person may be injured, under the influence of drugs or alcohol, or in need of medical attention

Tips for Reporting Suspicious Activity:

Call the Winchester Police Department. Dial 911 for emergency, or call the non-emergency number at (540) 662-4131.

1. Make note of the descriptions of suspicious persons or vehicles. Write down (or take picture) of the license plate number. Take note of the color of the vehicle, the time, the direction of travel.
2. Describe the suspect in detail:
 - Male or Female
 - Race
 - Approximate age

- Body type, estimated weight
 - Hair color
 - Clothing – color of shirt, hat, shoes, etc.
 - Distinctive characteristics such as beard, mustache, scars, tattoos, or accents
3. Identify yourself by your name and address and relay the information.
Example: I'm Jane Smith of 123 Smith Street, a member of the Neighborhood Watch. There is a suspicious person prowling around my neighbor's house at 125 Smith Street. He's wearing a white shirt, orange baseball cap and brown shorts.
 4. If something is active, like a burglar is in your home or your neighbor's home, be sure to use the words "In Progress".
 5. Remain on the phone with the dispatcher until all of the necessary information has been obtained.
 6. Do not try to confront the situation. Wait for police to arrive.

Remember: Being alert to what is happening in your neighborhood is not involving yourself in other people's business or being nosey, it is guarding against any situation which could be a threat to your neighborhood. Don't worry about being embarrassed if your suspicions prove to be unfounded. It is better to think of what could happen if you didn't act.
